

T2 TECHNOLOGIES

Feeder Balancing Module (FBM) Tool — Tender Enquiry 3239CXMWP

CV Schedule — Key Personnel, Experience & Certification

The following positions require a CV to be submitted with the tender. For each, the minimum experience and the required or recommended certifications are listed. Items marked (mandatory) are explicit tender requirements; items marked (recommended) are T2 Technologies' baseline to strengthen each CV and must be confirmed against the final tender text.

KEY ROLE — min. 8 years

mandatory = tender

Position	Minimum Experience	Certification
Programme / Project Manager <i>key role · min. 8 yrs</i>	Minimum 8 years managing enterprise IT / software delivery programmes.	PMP or PRINCE2; Agile / Scrum (e.g. PSM). <i>recommended</i>

Business Analyst <i>key role · min. 8 yrs</i>	Minimum 8 years in requirements engineering on enterprise systems.	CBAP / IIBA (or equivalent BA certification). <i>recommended</i>
Senior Software Engineer <i>key role · min. 8 yrs</i>	Minimum 8 years building and leading delivery of production software.	Relevant cloud / development certification (e.g. Azure Developer Associate). <i>recommended</i>
Software Engineer	Demonstrable delivery experience appropriate to the role.	Relevant development certification (advantageous). <i>recommended</i>
QA / Test Analyst	Test-analysis experience on enterprise systems.	ISTQB certification (mandatory). <i>mandatory</i>
Data Migration Specialist <i>key role · min. 8 yrs</i>	Minimum 8 years in data migration / ETL and reconciliation.	Data / ETL or database certification (e.g. Azure Data Engineer). <i>recommended</i>
DevOps / Cloud Engineer <i>key role · min. 8 yrs</i>	Minimum 8 years in CI/CD, IaC and cloud platform operations.	Azure DevOps Engineer Expert or Azure Administrator Associate. <i>recommended</i>
Change & Training Specialist	Organisational change and training-delivery experience.	Change management (e.g. Prosci / ADKAR) (advantageous). <i>recommended</i>

Tender-mandated requirements

- Key personnel must each have a minimum of 8 years' relevant experience.
- Test resources must hold ISTQB certification.
- CVs, certificates and contactable references are returnable with the bid.

Note: the 8-year and ISTQB requirements are the verified hard mandates from the SoW. Certifications marked "recommended" are T2 Technologies' proposed baseline and should be re-verified against the final tender documents before submission.
